Dear Margaret

We at Oom Paul Special School in Rustenburg would like to congratulate you on your excellent project "BOUND".

We have been introduced to your Project by our new Principal Mr. C. Combrink, previously from Daeraad School in Wolmaranstad. The feedback on this program is remarkable.

We are working with kids (age 13 to 18 years) who are experiencing similar problems as described in your book. All the Educators at the school are very interested, and with a lot of enthusiasm, to implement this program to our pupils, as we know that this program will benefit all the learners in our school a lot and make them more aware of the dangers young adults have to encounter and what wrong decisions can do to them.

We would appreciate it if you can be of assistance to us and give us more information on how to get hold of this project material and the costs involved to implement this program into our school.

Thank you very much for your interest and assistance regarding this matter. We hope to hear from you soon.

Soli Deo Gloria!!

Kind regards

Ine v. Rensburg
